ADDENDUM - CASUAL ADDENDUM

1. Casual/relief employees shall be called in to work in the order of their seniority provided that they are registered to work in a job classification applicable to the work required to be performed. A casual/relief employee shall be entitled to register for work in any job classification within one division in respect of which such employee meets the requirements of the classification.
2. Casual/relief employees shall accumulate seniority on the basis of the number of hours worked. The casual/relief employee will be paid at the rate of pay for the classification in which the casual/relief employee is working once called in.
3. The manner in which casual/relief employees shall be called to work shall be as follows:
 - (a) The Employer shall maintain both:
 - (i) Two (2) Master casual/relief seniority lists which shall include all casual/relief employees employed by the employer in each of Crothall and Morrison listed in descending order of their seniority; and
 - (ii) A classification registry for each job classification in which casual relief employees may be used. Each classification registry shall list those casual/relief employees who have been qualified to work in that job classification in descending order of hours worked.
 - (b) The Employer shall call those casual/relief employees who are registered in the classification applicable to the work required to be performed. Each casual/relief employee must provide the Employer with one or two telephone numbers where the employee can be reached. The Employer shall commence the call-in process by calling the most senior employee in the applicable classification registry at the one or two telephone numbers provided by the casual/relief employee. In the event that voicemail, a pager, or an answering machine is reached, the Employer shall leave a message including the date and time of the call. If the employee does not respond to the Employer within three (3) minutes of the call being made, the Employer shall call the next most senior employee in the classification registry.
 - (c) All calls made by the Employer pursuant to Paragraph (b) shall be recorded in a log book maintained for that purpose. The log will show the name of the casual/relief employee called, the date and time that the call was made, the job required to be performed and its time and date, whether the employee accepts or declines the work or fails to respond to the call, and the signature of the person who made the call. In the event

of a dispute, the Union shall have reasonable access to the log book and shall be entitled to make copies of any of its pages.

- (d) If the casual/relief employee called fails to answer the call or declines the work assignment, the Employer shall then call the next most senior employee registered in the job classification and this process will be continued until a casual/relief employee is found who is ready, willing and able to perform the work assignment.
 - (e) A casual/relief employee who accepts a work assignment shall be deemed to have the same obligation to fulfill the work assignment as a regular employee.
4. At the beginning of each month, each casual/relief employee shall provide the Employer with their projected availability for the month. If a casual/relief employee's availability changes during a particular month, the casual/relief employee will advise the Employer accordingly; however, if the casual/relief employee wishes to restrict his/her declared availability for that month, the casual/relief employee may only do so twice during the month.
 5. Based on the casual/relief employee's availability, if the employee declines a work assignment more than three (3) times in a 6 month period without a bona fide reason, the employee will be removed from the casual/relief list. Employees may also be removed from the casual/relief list for just and proper cause.
