Planning for \$5 million Education Fund underway

IMPLEMENTATION OF THE \$5 million Education Allowance Fund – negotiated during this spring's facilities bargaining – is set to begin this fall.

The recently appointed Facilities Bargaining Association Committee – with four HEU representatives and one from BCGEU and IUOE – recently had its first strategy meeting to develop preliminary criteria for the allocation of funds. The committee plans to hire a coordinator to develop outreach materials, forms, and an application review process.

The education fund offers career mobility opportunities in health care by providing all members access to training money.
